

## .....Active net connection in Vmware.....

1. Power off the Operating system.
2. Go to " Edit virtual machine setting ".
3. Then edit or add " Network Adapter " as " Bridged " & check the dialog box.

The view is as..

```
"""""" Bridged: Connected directly to the physical network
        []Replicate physical network connection state
""""""
```

4. Hit ok.

.....Done..... by MZ
